ITALY MAICA SHIRT SMART SOLUTION

**MA04G**  
**全自动连续锁眼机**  
Automatic Buttonholes Indexer  
**对位精确的锁眼机**  
Accurate Buttonholes Alignment

MA04G 全自动门襟锁眼机，适用于素色面料、条格面料的衬衫门襟锁眼，采用专利设计的自动校准装置，保证锁眼的直线度和精准度，且可缝制不同宽度的门襟。锁眼效果好，速度快，产量高达每小时150件。

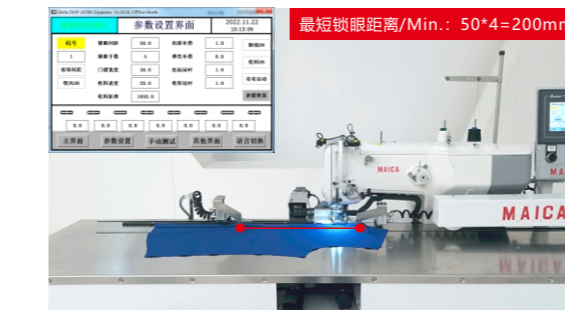

MAICA MA04G automatic buttonholes indexer is suitable for plain and stripes fabric. With the patented suction system, it can ensure the buttonholes linearity and precision, and sew the front plackets with different widths. High quality, high speed, and high productivity (150 pieces per hour).

### 1 专利设计的自动校准及激光对位装置

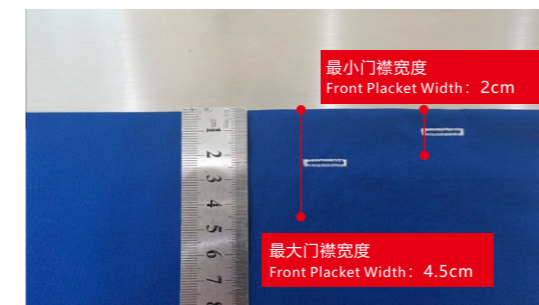

Patented Suction Device and Laser Alignment

MA04G 门襟自动锁眼机采用迈卡专利设计的自动校准装置，真空吸附及激光对位功能使裁片对位更准确。MA04G is equipped with a suction system and laser lights, making the fabric alignment more accurate.

### 2 门襟长度自动调整 Automatic Adjustment of Front Placket Length

根据扣眼间距设定，程序自动计算并完成长度调整，锁眼间距长度调节范围为20-66cm。According to the buttonhole spacing, the program automatically calculates the length adjustment. And the adjustment range of the placket is 20-66cm.

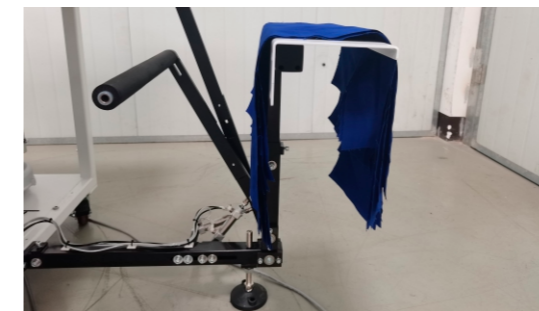

### 3 门襟宽度自动调整 Automatic Adjustment of Front Placket Width

根据门襟宽度设定，宽度挡板随吸风口位置变化而变化，程序自动计算并完成，门襟调节范围为2-4.5cm。According to the width of the placket, the width baffle changes with the position of the suction port, the program can automatically calculate and complete. And the adjustment range of the placket is 2-4.5cm.

### 4 简单灵活的控制系統 Simple and Flexible Control System

扣眼间距、扣眼数量、扣眼工艺等参数可调，操作简单。The parameters is adjustable, such as buttonhole spacing, quantity and requirements. Easy to operate.

### 5 自动收料，1人操作多机，生产高效

1 Worker Can Operate Multi-machines

简便快捷的收料，1人可同时操作2-3台机器，大大提高生产效率。

The flexible control system along with the automatic stacker make the machine easy to use. As a result, one operator can manage up to 3 different MA04G, improving the productivity with high quality.

### 6 可缝制女士衬衫 Sewing of blouses

一键切换女装模式，自动计算门襟头到机针的位置，即可完成女装衬衫的缝制。

Switch to blouse mode with one-click, it can automatically calculate the distance of the placket top to the needle, and then complete the sewing.

机型 Model	产量 Output	电源 Electrical Supply	气源 Pneumatic Supply	耗气量 Air Consumption	包装 Packing	重量 Weight
MA04G 全自动门襟锁眼机 Automatic buttonhole indexer	150件/小时 150pcs/h	220V - 50Hz	0.6MPa	1L/pc	230x135x170h cm	276Kg
